REQUEST FOR PROPOSAL ADDENDUM

ADDENDUM #1

DATE: May 9, 2008

REFERENCE: Request for Proposal: R-LB-8035
Issue Date: April 25, 2008
Title: School Bus Driver Training Simulator
Sealed Proposals Due Date: May 29, 2008 @ 1.00 p.m.

All potential Offerors shall be advised of the following responses to questions received to the referenced solicitation:

- Question:** Is it permissible to bid alternate systems in response to your RFP? Our firm has two simulation systems which could meet your requirements and we would like to bid both and give you the choice.

Response: Since this procurement is a Request for Proposal not an Invitation for Bid the answer is yes.

- Question:** In the second paragraph of the Statement of Needs, a requirement for "full six degree of freedom dynamic simulation of the vehicle(s)" is defined. We assume that this requirement applies to the virtual vehicle dynamics model and is not a requirement for physical motion feedback. Can you verify this assumption? Or, maybe a better question would be: Does Prince William County Public Schools require motion feedback in the form of a motion platform or "seat shaker" style feedback system that will move the cab (or driving station) of the proposed simulator?

Response: Yes. The reference to "Six Degrees of Freedom" was included to insure that potential Offeror's understood that we want an accurate dynamic model of the vehicle's motions not to imply that we are looking for "Six Degrees of Freedom" physical feedback to the driver. We are not looking for a dynamic platform giving true physical motion feedback, nor a "seat shaker". If the Offeror wants to include an option for a "seat shaker" to give some driver feedback we would prefer that was offered as an option.

ALL OTHER SPECIFICATIONS, TERMS AND CONDITIONS REMAIN UNCHANGED.

A signed acknowledgment of this addendum must be received by the Purchasing Department either prior to the Proposal due date and hour specified, or attached to the RFP. Signature on this addendum does not constitute the Offeror's signature on the original proposal document. The original proposal document shall also be signed.
