- Security intrusion detection and security camera monitoring systems.

### Capital Improvements Program

The School Division's construction program continues at an aggressive rate. Buckland Mills and Rosa Parks Elementary schools, and Potomac Middle School opened in September 2006. In the past five years, a total of fourteen schools have been constructed: nine elementary schools, three middle schools, and two high schools. Also in 2006, Woodbridge High School and Osbourn Park High School renewals/enclosures were completed as well as renewal and additions at Marumsco Hills and Belmont Elementary Schools.

A new middle school, Gainesville Middle School, is under construction and on schedule to open in September 2007, providing student enrollment relief to Bull Run and Marsteller Middle Schools.

Major renovations to renew and enclose classrooms at Rockledge and Kerrydale Elementary Schools continue. Also ongoing is the renewal of and addition to Tyler Elementary School.
