SCHOOL BOARD GOVERNANCE AND OPERATIONS

Committees, Advisory Boards, Task Forces, and Councils

The Prince William County School Board welcomes the advice of community members serving on School Board committees, advisory boards, task forces, and councils for the purpose of advising the Board and, when requested, making recommendations on issues related to the operation of the School Division. School Board members and the Division Superintendent (Superintendent) may appoint community representatives to serve on Prince William County School Board standing committees, advisory boards, task forces, and councils. In the absence or failure of a recommendation for appointment by any individual Board member, the School Board shall make the appointment. Terms for School Board appointees will be concurrent with that of the appointing Board member and/or will comply with current regulations and/or by-laws of the committee, advisory board, task force, or council. All persons serving on Board-appointed committees, advisory boards, task forces, or councils shall be approved by the School Board.

School Board members and the Superintendent may also appoint community representatives to ad hoc committees, task forces, advisory boards, or councils formed for specific purposes, such as bond referendum education committees, school-naming committees, and others. Terms for these members will expire when the committee’s work is finalized by School Board action or acceptance of work by the School Board.

The School Board and the Superintendent (or designee) are responsible for the implementation and monitoring of this policy.

This policy and any related regulation shall be reviewed at least every five years and revised as needed.
