INSTRUCTION

Site-Specific Special Opportunity Programs

This policy includes two types of site-specific special opportunity programs. These programs include Specialty Programs and Career and Technical Education Programs.

The Prince William County School Board requires that special opportunity programs shall address both the Virginia Standards of Learning and the Prince William County Public Schools curriculum, address industry standards, and/or be based upon the requirements of the specific military service sponsoring the program. Such programs shall reflect the latest research pertaining to teaching and learning and shall address curriculum issues, educational practices, and innovative initiatives that can culminate in additional educational opportunities. A common application and transfer process shall be established for elementary, middle, and high school specialty programs.

Information on special opportunity programs shall be provided to eligible students. Students shall have access to such programs based upon student interest.

The Associate Superintendent for Student Learning and Accountability (or designee) is responsible for implementing and monitoring this regulation.

The Associate Superintendent for Student Learning and Accountability (or designee) is responsible for reviewing this regulation in 2020.
