Nontraditional Education Programs

Prince William County Public Schools shall provide a variety of educational opportunities to meet the divergent needs of students for whom the regular program of instruction is not appropriate or whose academic, social, behavioral, or emotional needs are not being met in the regular school setting.

Students may be reassigned to nontraditional education programs for the reasons set forth in Regulation 681-1, “Nontraditional Education Programs,” which include, but are not limited to, adjudication of delinquency or conviction of certain school reportable offenses as specified in the Virginia Code.

The Associate Superintendent for Student Learning and Accountability (or designee) is responsible for implementing and monitoring this policy.

This policy and any related regulations shall be reviewed at least every five years and revised as needed.
