Student Transfers

The school administration shall develop regulations and procedures to address student requests for transfers. Such requests may be approved when the reason for the request supports the need for placement outside the assigned attendance area as outlined in Regulation 721-1, “Student Transfers – Kindergarten/Elementary/Middle School” and Regulation 721-2, “Student Transfers – High School.”

Boundaries shall be reviewed annually. The establishment of school boundaries will support the basic idea of community schools where possible.

The Associate Superintendent for Student Learning and Accountability (or designee) is responsible for implementing and monitoring this policy.

This policy and any related regulations shall be reviewed at least every five years and revised as needed.
