SUPPORT SERVICES

Student Safety Equipment and Training

The Prince William County School Board shall authorize the Superintendent of Schools to direct department chairpersons to develop and manage guidelines related to student safety within their specific curriculums. Details and procedures are outlined in the regulations associated with this policy. This policy and its associated regulations aid in guarding students’ safety while being compliant with applicable federal and state laws and regulations. Students shall be instructed in the safe use of specialized equipment that may present a hazard to the individual during instruction.

The Associate Superintendent for Finance and Support Services (or designee) is responsible for implementing and monitoring this policy.

This policy and any related regulations shall be reviewed at least every five years and revised as needed.
