

## SUPPORT SERVICES

Fire Inspections

Compliance with all applicable state and county fire codes shall be accomplished through inspections conducted by the Prince William County Fire Marshal's Office, in conjunction with the Prince William County Public Schools Office of Risk Management and Security Services.

The Prince William County Department of Fire and Rescue and the Prince William County School Board shall foster a partnership designed to coordinate the fire prevention efforts of the two organizations to maintain compliance with all applicable state and county fire codes, and to promote a safe and fire-free environment at Prince William County Public School facilities through a joint effort to perform routine fire inspections.

The Office of Risk Management and Security Services shall perform fire and safety self-inspections as required by state and county fire codes, in conjunction with the Prince William County Department of Fire and Rescue, after receiving the appropriate education and training.

The site manager shall take immediate action to perform required abatements for all noted deficiencies.

The Division Superintendent is authorized to enter into any agreements with state or local fire agencies which shall assist in implementation of this policy.

The Associate Superintendent for Finance and Risk Management (or designee) is responsible for implementing and monitoring this policy.

This policy and any related regulations shall be reviewed at least every five years and revised as needed.
