HUMAN RESOURCES

Professional Learning

The Prince William County School Board requires that all employees participate in professional learning annually as a condition of continued employment. This requirement is intended to assist the staff in meeting the instructional objectives of the School Division, including the Standards of Learning. Professional learning activities should support building-level initiatives, Division initiatives, and individual needs. All professional learning must be approved by Prince William County Public Schools to count toward this requirement.

The Associate Superintendent for Human Resources (or designee) and the Associate Superintendent for Student Learning and Accountability (or designee) are responsible for implementing and monitoring this policy.

This policy and any related regulation shall be reviewed at least every five years and revised as needed.

Adopted: June 24, 1998
