INSTRUCTION

Homebound Instruction

The Prince William County School Board requires that the instructional progress in Prince William County Public Schools shall include a homebound program for those students who are unable to attend school because of an extended illness, a disability, and those students awaiting an expulsion decision. The Virginia Department of Education guidelines shall be followed in the administration of this program. Application for homebound instruction shall be initiated by the parent through the Office of Student Services or through the Office of Special Education for students receiving special education services. It shall be the responsibility of the student’s assigned school to provide homebound instructional services.

The Associate Superintendent for Special Education and Student Services (or designee) is responsible for implementing and monitoring this policy.

This policy and any related regulations shall be reviewed at least every five years and revised as needed.
