Playing of the National Anthem

The principal will include the national anthem of the United States of America in the opening exercises at all athletic events, assemblies, and school activities where the playing of the anthem is supportive of the opening exercises for the activity. The national anthem may be delivered by a band, choral group, soloist, or an appropriate rendering of the anthem.

At all School Division functions it will be the responsibility of the Superintendent to determine if the national anthem is to be included in the opening exercises and make the appropriate provisions.

The principals and appropriate Level Associate Superintendent will be responsible for the implementing and monitoring of this regulation.

The Level Associate Superintendents will be responsible for reviewing this regulation in 2019.
