GENERAL SCHOOL ADMINISTRATION

School-Based Management

School-Based Management has been in effect in Prince William County Schools since the fall of 1990. Each school will develop an annual school plan which will be approved by the Level Associate Superintendent.

The annual school plan shall be developed with the active involvement of the teaching staff and members of the community. The manner of this involvement shall be determined at the local school level.

Principals and the appropriate Level Associate Superintendent are responsible for the implementation and monitoring of this regulation.

The appropriate Level Associate Superintendent is responsible for reviewing this regulation in 2019.
