

Dr. Julia Renberg, Supervisor of Science

Hands-on inquiry is essential for science mastery, and every student has a right to be in a safe, productive learning environment. Before conducting any science activity, the attached rules must be read to students and signed by both students and their parents/guardians.

Investigating with My Five Senses – Science Safety Rules

- I will be a responsible scientist!
- I will listen and follow directions when I do science activities.
- I will only do science activities with adults.
- I will not touch or play with science tools until I am told I can.
- I will always be safe and tell an adult if I see something that is not safe.
- I will wear safety clothes or glasses.
- I will clean up and wash my hands when directed.
- I will not touch, taste, eat, drink, or smell anything used in a science activity without permission.
- I will not touch my face, eyes, and mouth during science activities.

PWCS Elementary Science Safety Pledge

I have reviewed these safety rules with my child. We agree to follow these rules and any additional verbal or written instructions given by the teacher. We understand that science safety is the responsibility of everyone.
