

Prince William County Public Schools (PWCS) Staff World-Class Volleyball League

This year the highly competitive PWCS Staff World-Class Volleyball League returned with a full schedule and playoff tournament for the first time since the spring of 2019. Teachers, administrators, and support staff from sixteen schools and the KLC took to the court to put their athletic skills on display. For those who have played before and those that were new, it was great to be on the court, competing and seeing the smiling and laughing faces of their teammates and opponents. They fought for volleyball supremacy, bragging rights over rival schools and former coworkers, and the title of “World-Class Volleyball Champions!” Eight teams reached the playoffs with Piney Branch Elementary School taking the Championship title.

Contact, Shylea Michaelis, michaesw@pwcs.edu, for anyone interested in having a team next year in the friendly fall season or competitive winter league.
