

Help PWCS Go Green: **Promote Pathways to Sustainability at Your School**

This year, schools have several options for pursuing pathways to sustainability. Earn up to \$2,000 in rebates for your school by completing challenge criteria.

Sign-up for the annual Energy Challenge today.

Students and staff will be engaged in:

Energy conservation

New ways to create healthier schools

Environmental stewardship

Reduction of waste and increased recycling

Growing a culture of sustainability

Year-to-year cost savings data

Commit to the challenge, gather your green team, and proceed down the path to a more sustainable PWCS!

Please visit the PWCS Energy Management and Sustainability Team [website](#) for more information.
