### **Length of Test**

The test contains 20 multiple choice style questions.

### **Type of Questions**

All questions are “multiple choice.” This means you will see a question and multiple possible responses. There could be as many as six but, typically, there will be four options. You will need to select one of these options as a correct answer (Example A). Sometimes, directions will ask you to select two or more correct answers (Example B).

Also, many of the questions require the test taker to use a given image or map to refer to when answering the question. (Example C)
