

After Your New Zoom Account is Activated

Accessing Zoom on the Web

Users can access their Zoom accounts through -

1. The Zoom tile in the Office365 waffle
2. Canvas course integration (staff will need to go course settings and select the Navigation tab. Under Navigation, [staff will need to move Zoom to be visible](#))
3. Clever
4. Visiting our division's [Zoom URL](#)
5. Under PWCS Sites on a PWCS device in Chrome (coming soon)

Accessing Zoom on a desktop or mobile app

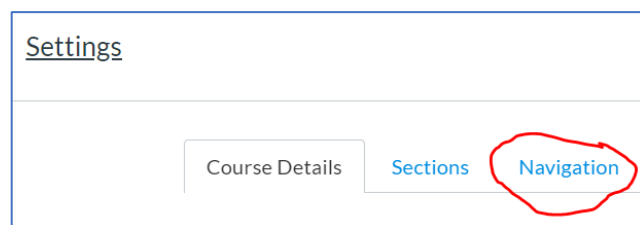

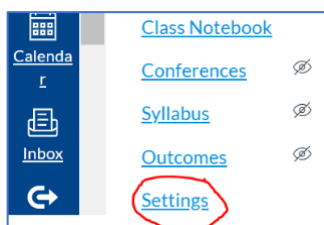

If staff or students are setting up their new licensed Zoom accounts on **desktop client applications** (PC/Mac), they may need to enter the division's [Zoom URL](#) as part of account set-up. Zoom URL <https://pwcs-zm-edu.zoom.us/>

If staff or students are setting up their new licensed Zoom accounts on **mobile apps** (iOS/Android), they may need to enter the division's [Zoom URL](#) as part of account set-up. Zoom URL <https://pwcs-zm-edu.zoom.us/>

Accessing Zoom Through Canvas

Teachers can add a link to the Zoom application to any course in Canvas.

1. Open a course in Canvas
2. Click on the Settings button in the course navigation bar and then click on the Navigation tab

- Find Zoom in the list of menu items and move the tile up into the list of items visible in the course.
