

Table 1 Occupational Therapy Activities Board 2

Occupational Therapy Activities BOARD 2

Alerting Activities	Visual Tracking
Shake dry beans in a container, blow bubbles within the student's visual field, pop bubble wrap, play a variety of music and/or outdoor sounds, play with toys that make sounds and have lights.	Move an object of preference from visual field across midline to the other side.

*All of these activities might not apply to your child, choose the ones that you like. If you feel that none of the activities are appropriate for your child, please contact your Occupational Therapist.
